SUMMARY

I have approximately two years of experience as a Full-stack developer with B.Eng in Robotics Systems from the University of Southern Denmark, in Europe's robot capital, Odense. I am detail-oriented, analytical, and always on the lookout for ways to improve efficiency. I have a deep interest in technology and I'm eager to learn new things. As a Full-stack developer, I've been responsible for implementing responsive web pages with all necessary back and front end functionalities for the best possible user experience.
